

# POLICE SUITS

**Aerostich Police Suits are specially tailored and specifically modified to serve and protect motorcycle law enforcement officers. Based on the same quality materials and features of our 'civilian' Roadcrafter and Darien garments, Aerostich Police Suits have additional safety features and functionality built-in. Visit [www.policesuits.com](http://www.policesuits.com), or call 800-222-1994 Or (218)722-1927 for more information.**

## AEROSTICH POLICE ROADCRAFTER

Currently in use by nearly 100 departments and protecting over 800 motor officers, the Police Roadcrafter uses all of the same materials, features and quality of civilian Roadcrafters (500 Denier Cordura GORE-TEX® Fabric, etc.) plus a comprehensive range of safety and task functional additions. For visibility and increased nighttime safety there is extra Scotchlite reflective on pant legs and sleeves. There's also large 'SHERIFF', 'STATE TROOPER' or 'POLICE' reflective lettering across the back. Four to five oversized snap closed belt loops on the jacket are fitted for use with law enforcement service belts. Microphone holder loops are added to both shoulders. There is extra reflective on the right chest pocket. Front and shoulder insignia have seam sealed Velcro patch holders. (All extra sewn features are fully hot tape seam sealed.\*\*) Lower front jacket pockets have been deleted from the regular Roadcrafter design for wearing compatibility with a variety of equipment belts. Additional custom work available as required, at additional charge. Officers work safer and more comfortably in all weather conditions. Call for additional ordering and sizing information. Machine washable. Men's 34 Regular, 36-54 Short, Regular or Long. Women's 2-20 Short, Regular or Long. USA Available to law enforcement agencies only.

**Men's Jacket #190 \$837.00**  
**Men's Pants #192 \$747.00**

**Women's Jacket #572 \$837.00**  
**Women's Pants #573 \$747.00**  
**Both Jacket and Pants \$1584.00**

**SAFE, DURABLE & COMFORTABLE**

\*Upper right sleeve, upper left sleeve, and lower left sleeve (most common).  
\*\*Belt compatible belt-keepers are available in 2.5" and 2.75" finished lengths, accommodating belts 2.25" and above.  
\*\*\*Although the Roadcrafter's materials are totally waterproof, the fast entry/exit design is a compromise between weatherproofness, ventilation, and ease of use. Users can expect to stay dry in steady rain for 30 to 90 minutes on an unfaired motorcycle. A faired motorcycle or lighter rain will result in longer leak-free performance. Visit [www.policesuits.com](http://www.policesuits.com) for additional details.

## ROADCRAFTER POLICE SUITS

### AEROSTICH POLICE ROADCRAFTER CITY

Practical comfort meets proven protection, features and functions. The same design as the standard version, with a lighter weight, yet strong HT200 Denier Nylon GORE-TEX® body fabric with added 500 Denier Cordura® abrasion-resisting areas at the elbow, shoulder and knees. Six removable oversized visco-elastic TF3 impact pads provide additional protection at the elbow, shoulder and knees. Zipped together, the City is fast and convenient -- or each piece can be worn separately. Both the jacket and pants are fully lined with black Supernyl fabric to insure comfort and speed entry and exit over your clothing or uniform. The jacket overlaps the pants and connects with a full circle zipper to keep out the elements and stand up to the stress of hard daily use. And the pants have a cord-locked waist drawstring and integrated belt loops to further customize the fit. Dozens of functional nuances abound, including: strategically placed pockets; side zippers to access your street uniform pants; adjustable wrist, waist and ankle tabs to customize fit; underarm and back vents for comfort on warm days; and a comfortable ultra-suede collar facing. Safety and task functional additions include: Extra Scotchlite reflective on pant legs, sleeves and right chest pocket for increased nighttime visibility and 'SHERIFF', 'STATE TROOPER' or 'POLICE' reflective lettering across the back. Four to five oversized snap closed belt loops on the jacket are fitted for use with law enforcement service belts. Microphone holder loops are added to both shoulders. Front and shoulder insignia have seam sealed Velcro patch holders. Lighter weight, everyday riding gear, designed to perform in all weather conditions and wear more comfortably in a wider range of temperatures. Black. Machine washable. Men's 34 Regular, 36-54 Short, Regular or Long. Women's 2-20 Short, Regular or Long. Women's sizes feature a smaller neck, narrower shoulders, more defined waist and extra hip room USA. Available to law enforcement agencies only.

**Men's Jacket #458 \$837.00** **Women's Jacket #574 \$837**  
**Men's Pants #459 \$747.00** **Women's Pants #575 \$747**  
**Both Jacket and Pants \$1584.00**

**LIGHTER, COOLER EVERYDAY COMFORT**

# R-3 1-PIECE

## POLICE SUITS

### AEROSTICH R-3 POLICE 1-PIECE SUIT

The R-3 is 100% waterproof and unlined for maximum airflow, yet slips quickly and easily over your street clothes. Its full-length waterproof zipper entry system is fast, and it doesn't flutter or flap in the wind. Without a lining it wears cooler, and with seam-sealed rainproof zippers you'll also stay completely dry, even during the wettest conditions. Constructed from Aerostich's exclusive American-made mil-spec 500d Cordura® GORE-TEX® fabric. It's a strong, long-lasting and highly abrasion-resistant material ideal for everyday duty use.

For increased protection there's a double layer of this fabric across the seat, and added 1000d abrasion-resistant layers covering the vital elbow/shoulder/knee areas. Beneath each of these is a superior energy absorbing system utilizing removable, oversized TF impact armor. Each armor attachment point is adjustable to allow fit to be fine-tuned for comfort and ensure it stays in place for best protection. Separately available hip, spine and chest armor options further increase the R-3's capabilities.

Additional features include flap covered hip-side water resistant zippers for fast access to your street pants, a hidden pass-thru port for an electric liner power cord, nine strategically placed everyday-useful pockets, a mini-carabiner helmet holder at the upper chest pocket, a highly water-resistant inner wallet/phone/iPod pocket, fit-adjustable ankle and wrist tabs, articulated knees, fit-adjustable waist tabs and an integrated stretch panel across the lower back. There's also oversize 3M Scotchlite® reflective areas across the back, chest, wrists, legs and ankles to enhance conspicuity in low light conditions.

Additional custom work available as required, at additional charge. Officers work safer and more comfortably in all weather conditions. Call for additional ordering and sizing information. Machine washable. Men's 36-54 Short, Regular or Long. Women's 2-20 Short, Regular or Long. USA Available to law enforcement agencies only.

Men's #563 \$1297.00  
Women's #564 \$1297.00

# DARIEN POLICE SUITS

### AEROSTICH POLICE DARIEN AND DARIEN LIGHT

For more comfort in hot weather, the functional Darien jacket design comes with a removable TLTec fleece liner inside an unlined, waterproof outer parka. Exclusive features include 500 Denier Cordura GORE-TEX® outer fabric, removable hard shell TF foam elbow and shoulder pads, and generous 3M Scotchlite reflective areas. The fully lined, reversible TLTec (200 wt. Fleece) insulating jacket is perfect for cool mornings. It folds into its own compact zippered pocket that can be attached to your bike or carried on a belt like a fanny pac. The outer jacket is cool on warm days and provides streetworthy impact and abrasion protection. Both liner and shell feature underarm vent zips and plenty of pockets (nine in the outer jacket, six in the liner jacket!). A versatile and durable garment for enforcement duty. (Service belt keepers not shown.) Jacket sizes 36-56, Pants sizes 34-56 waist, regular and tall lengths. USA Available to law enforcement agencies only.

Police Darien Jacket #216 \$697.00

Police Darien Pants #195 \$437.00

Police DarienLight Jacket #274 \$697.00

Police DarienLight Pants #199 \$437.00

TLTec Fleece Liner #139 \$247.00

Kanetsu Electric Liner #267 \$317.00

## DURABLE AND COMFORTABLE FOR LONG EVERYDAY WEAR

### ALTERATIONS

#### UPPER BODY GUSSET

Tapered panel from the waist to elbow, providing additional shoulder and arm ease. Ideal for athletic builds. Roadcrafter only. Add up to 2" at each side.

#203 \$100.00

#### SLEEVE LENGTH

Shorten or lengthen up to a total of 2" above elbow, below elbow, or a combination of both. Price includes both sleeves.

#201 \$100.00

#### LEG LENGTH

Shorten or lengthen up to a total of 3" above knee, below knee or a combination of both. Price includes both legs.

#202 \$100.00

### AVAILABLE COLORS

Standard Roadcrafter and Darien colors are available depending on your needs. Our Hi-Viz Lime Yellow ensures visibility for enhanced safety in traffic situations. Please call for a free sample swatch.

### REFLECTIVE LETTERING

POLICE, STATE TROOPER, SHERIFF, or RANGER. (Actual letter size is 3" tall.)

# AD1 POLICE SUITS

### AEROSTICH POLICE AD1 AND AD1 LIGHT PANTS

A fully seam taped, unlined GORE-TEX® fabric, jeans-cut pant, with full length separating side zips. The outside zippers have full length inner and outer weather flaps to help the pants go on and off fast and keep rain and wind out.

Other details include: A gusset in the crotch for greater sitting comfort; An inner gusset behind the front fly which improves water resistance; The knees have a greater bend around a larger radius (than the Darien pant knees), allowing more freedom of movement. Scotchlite® reflective down the outside of ankle tab loop strips are radial, for a natural and secure adjustment around the calf and lower leg. The front pockets have hook and loop secured cover flaps so items inside are secure. A vertical zippered cargo pocket is on top of the right thigh and a horizontal opening pocket to the top of the left thigh. Available in even waist sizes, 30-46 regular and long. An Aerostich Money Belt (#1854) is included with these pants. Black, Grey or Tan. Choose standard AD1 in HT600 Denier Nylon three layer, or AD1 Light HT200D Nylon fabric. USA Available to law enforcement agencies only.

Police AD1 Pants #196 \$437.00

Police AD1 Light Pants #200 \$437.00

FOR SPECIFIC SIZING INFORMATION, MORE FITTING INSTRUCTIONS, AND ADDITIONAL ALTERATION OPTIONS CALL 800-222-1994 OR (218)722-1927, OR EMAIL POLICESUITS@AEROSTICH.COM

## FREQUENTLY ASKED QUESTIONS

### CRASH AND ABRASION CONSIDERATIONS?

Compared to leather of the same weight and thickness, Cordura® nylon is a stronger material. But hides are thicker and heavier so they offer greater abrasion resistance. We repair about twenty or thirty Aerostich garments a month. About a third of these were in crashes that produced some abrasion damage. Several common themes have emerged. Though Aerostich suits are not as abrasion resistant as racing leathers, they offer significant and useful protection, especially at typical street speeds. Aerostich wearers often think of their suit as 'sacrificial' in the same way a car's airbag gets used up by its deployment. These garments are lighter, cooler and easier to use in bad weather (etc...), but less crash-durable than leathers. On average, street riders seem to crash only at infrequent intervals. How gear feels and works during the intervening years of use and the tens of thousands of miles of riding is very important. Most street crashes occur between 20 and 50 mph, not between 50 and 100. For each Roadcrafter suit that was in a 100 mph crash, we get dozens that need smaller repairs because the rider fell down at 35 mph. For these kinds of everyday spills, even the fanciest leathers do not offer protective advantages. We make gear to help you use a motorcycle more and be better protected. It has to be safe, easy to use, and comfortable for everyday riding.

### NYLON AND FRICTION?

Although we have not conducted tests comparing the friction coefficients of Cordura® suits to leathers on various pavement surfaces, we have collected a significant amount of relevant information. We repair many Aerostich suits every year, and most of these are damaged by sliding on all kinds of pavements. Many of the wearers (testers...?) had previous crash experiences with leathers. Post-crash wearers typically comment that their Aerostich was 'slipperier' than their old leathers. The consensus is that Cordura slides a little better and tends to roll and tumble the wearer somewhat less than leather. After studying hundreds of accidents, former Motorcyclist magazine editor and professional accident reconstructionist Gordon Jennings believed that more crash injuries (broken shoulders, etc...) were caused by tumbling than by the incrementally increased chances of hitting something due to sliding farther.

### CRASH REPAIRS?

Between 20 and 40 miles per hour, Roadcrafter suits usually sustain less than \$250 of damage; between 40-70 miles per hour, \$250-\$500 of damage; 70-100 miles per hour, \$500 or more. These figures are estimates - the actual amount of damage varies depending on the circumstances of each accident. A suit is 'totalled' and cannot be repaired if the cost of the repairs exceeds half of the price of a new suit. You will be contacted with

an itemized estimate of repairs needed, based on time and materials, before work is begun. Garment should be cleaned and pads removed before returning. Cleaning service available. Garments are usually completed and shipped within two weeks.

### OTHER REPAIRS?

Broken zippers, torn linings, melted ballistics and other repairs are estimated based on the materials and labor involved. Replacing a zipper or some hook and loop is usually between \$30 and \$60, but we will contact you with an estimate before performing any work. Garment should be cleaned (but not waterproofed) and pads removed before returning for repair. Cleaning service available. Garments are usually completed and shipped within two weeks.

### DARIEN VERSUS ROADCRAFTER?

The Roadcrafter provides more double layers of fabric over a larger area than the Darien. These include the elbow/shoulder/knee areas of ballistics nylon and additional Roadcrafter pockets. On the other hand, the Darien is lighter and cooler to wear. Crash events most commonly occur between 30 and 70 mph. Within this range the Darien and Roadcrafter both provide useful abrasion protection, significantly more than jeans and windbreaker jackets. Riders on powerful sport bikes will prefer the closer fit and greater protection a Roadcrafter suit offers. Roadcrafters are available in short, regular, and long, and Dariens are all regulars, so if you are extra short or tall, go with the Roadcrafter. Getting a good fit is more important than the functional differences.

### MADE IN USA?

YES. With pride. In Duluth, MN.

### MAIL ORDER SIZING AND FITTING?

We are experts at providing a great fit. We have lots of practice. Since 1983 we've talked to thousands of riders about their size, bike, local climate and personal riding applications. We use a questionnaire to help learn the right things, so you'll get the best fit with your Roadcrafter or Darien. Our most experienced associates do this successfully about 98% of the time. Every order is double checked for accuracy. Ordering factory direct gives you access to more sizes than are available elsewhere. The two piece Roadcrafter comes in twenty-three different off-the-rack standard sizes. Let us help you find the one that provides the most perfect, precise fit.

### MAINTAINING BREATHABLE FABRICS?

After the manufacturing process that bonds a breathable/waterproof membrane to Cordura fabric, a DWR (Durable Water Repellent) chemical treatment is applied that prevents water from being absorbed into the Cordura's fibers. If the Cordura fibers

become saturated in wet conditions, this water forms a barrier causing vapor to condense on the inside surface. Over time and after extended wear, the original DWR treatment wears away and must be renewed. Periodically laundering gear with a wash-in treatment like Nikwax TX Direct®, or applying a post-wash water repellent product like Scotchgard®, ReviveX® or Granger®, will insure that water beads and runs off the fabric, and that vapor will always be able to pass through, even in wet conditions. Maintaining the DWR also helps textile gear dry faster after being in rain.

### CLEANING/LAUNDERING?

Machine washing is recommended. Remove the TF pads and the contents of all the pockets. Close all zippers. Use the regular wash cycle, and a 'warm' water setting with mild powder detergent, wash-in water repellent products, or non-detergent soaps formulated specifically for outdoor fabrics. Run the complete wash/rinse cycle a second or third time with water only to remove any residual detergent. Machine dry at a medium temperature. Do not use anti-static products. Hook & loop fasteners pick up lint so avoid laundering with cotton towels. Clean hook & loop using a fine comb. Small stains can be removed using 'spot cleaning' stain removal products. Citrus based cleaners work well for oil stains.
